We believe that it is important to create an atmosphere of normality for children and young people, that they have an interesting hobby, that they continue to do what they did in peacetime, as much as possible.

The classes will be conducted by teachers and professionals who are also forced to emigrate due to the war. Among them is also Oksana Kulchytska from Kiev, a long-time jury member of our festivals.

We invite you to support this initiative! <https://zrzutka.pl/en/mwvygg>
